

Country chic

This local photo shoot was shot at Bryngarw House in Bridgend and followed a green, ivory and white colour scheme

Images courtesy of Liga Stevenson Photography

Cardiff-based photographer Liga Stevenson of Liga Stevenson Photography teamed up with some of the region's best suppliers to create this beautiful shoot at Bryngarw House. "Our goal was to create an elegant and sophisticated set of images. The venue was perfect and it inspired us to use earthy tones for our colour scheme," says Liga.

Fashion and beauty

The gorgeous dresses were supplied by Coco Mio Bridal. "We choose three different gowns that we felt would complement the décor and colour scheme. The first dress was from designer Pronovias, it was a traditional fishtail gown that we paired with lace three-quarter-length sleeves. The other two were from designer Aire Barcelona, one was figure-hugging with an open back and the other was a satin gown with a large ivory bow," says Aoife O'Gorman.

Biha Rose Make-up did the models hair and make-up. "I wanted to create an elegant and glamorous look. I used soft brown tones on the eyes, a beautiful highlighter and lip gloss to create a modern look," says Sabiha Al-adawy.

Setting the scene

The venue was styled by Lumi Event Design. “We wanted to create a greenery inspired look with candles and an abundance of foliage. We used tall glass vases with hanging lanterns as centrepieces and classic green and white flowers to complement the venues stunning décor,” says Lisa Parsons.

The stationery was provided by Paper Date Stationery. “I designed this collection specifically for the shoot, I named it ‘Dusty Miller’ after the plant that inspired it. I used white uncoated paper and rustic Kraft envelopes with a hint of silver to create a luxurious yet earthy feel,” says Sessy Watkins. The stunning flower wall was supplied by Blooms Events Wales. “I used roses, peonies and hydrangeas to create a beautiful backdrop and I feel it worked really well with the botanical theme,” says Gemma Thomas.
